

Impact starts here.

Impact Hub Dhaka Opens its Newest Space in the Heart of Banani

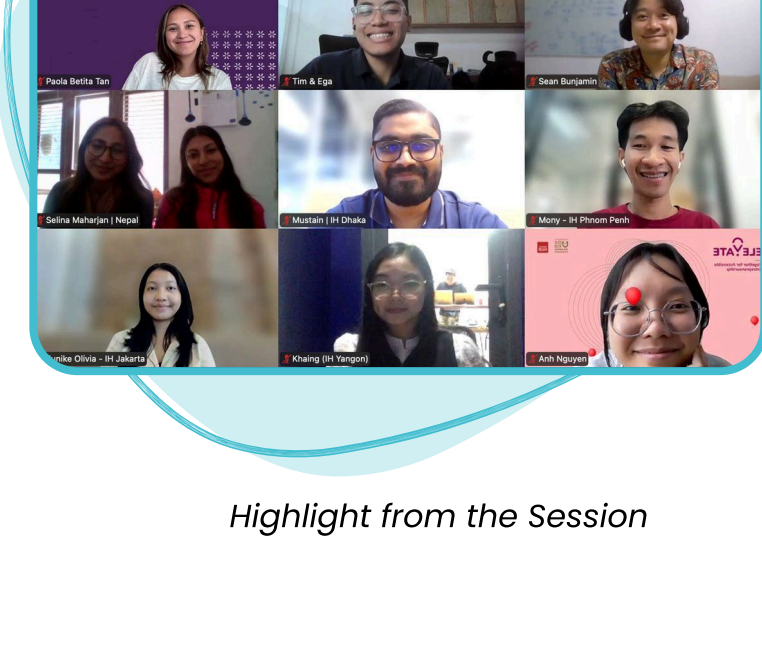

On 12 March, Impact Hub Dhaka officially inaugurated its second location in the heart of Banani, a major milestone in our journey since founding in 2020. The new hub spans 2,850 square feet in one of Dhaka's most active business and creative districts, expanding our capacity to support entrepreneurs, innovators, and changemakers across the capital.

The Banani hub offers flexible co-working memberships, private offices, event spaces, and access to flagship entrepreneurship programs along with the global Impact Hub Network spanning **110+ hubs** and **320,000 impact makers worldwide**.

Advancing Inclusive Entrepreneurship

Impact Hub Dhaka joined the Community of Practice (CoP), a six-session online learning space connecting disability inclusion program implementers across Asia-Pacific. Participants shared insights from initiatives like ELEVATE and BEAM and explored practical ways to make entrepreneurship support more inclusive. These insights will contribute to a resource hub for inclusive program design.

Highlight from the Session

Masterclasses & Trainings

Masterclasses in Action at Impact Hub Dhaka

This quarter, Impact Hub Dhaka hosted two masterclasses by Orange Corners Bangladesh: on scaling agri-businesses responsibly and understanding what investors look for. Both sessions offered hands-on guidance for startups and SMEs preparing for growth.

Masterclass on "What Investors Look For"

Masterclass on "How to Build & Scale Agri Businesses in Bangladesh"

Hands-On Learning for Cohort 6

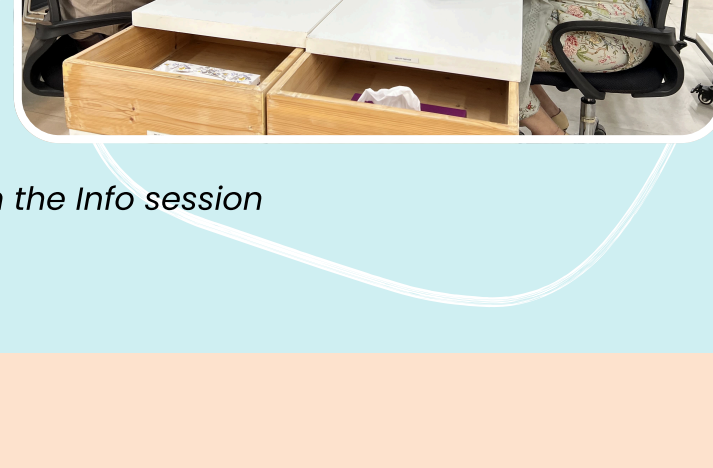

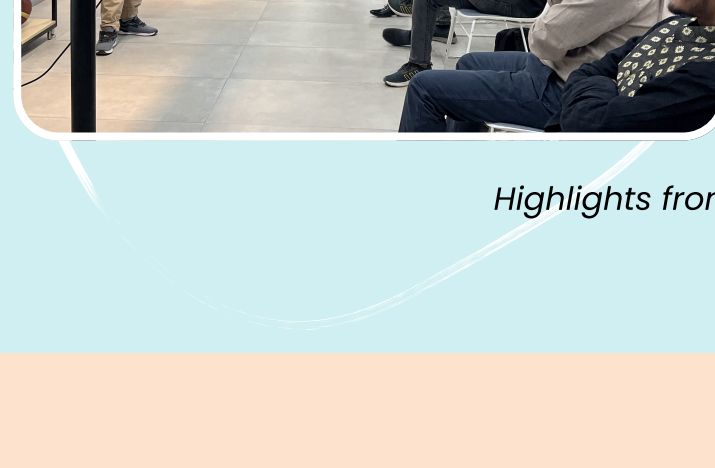

Cohort 6 of the Orange Corners Incubation Programme attended three training sessions at Impact Hub Dhaka covering customer understanding, impact measurement, financial planning, branding, and storytelling; all practical foundations for strengthening and growing their enterprises.
